## Rich Wood Tones

Bring the authentic look of wood to life with rich tones that add dimension and are designed to enhance the wood grains of Therma-Tru® fiberglass doors, composite door frames and door surrounds.

- 1 It starts with the realistic wood grains and deep embossments of a Therma-Tru® door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A wiping stain enhances the base coat while adding dimension to reflect the natural beauty of wood.
- 4 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 5 A second application of the topcoat provides added durability and optimal sheen for a high-end look.

## High-Definition Color

Add a pop of color to Therma-Tru® doors, composite door frames and door surrounds, and tailor the look of the entry to make a beautiful lasting impressio.

- 1 It starts with the smooth or wood-grained surface of a Therma-Tru® door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 4 A second application of the topcoat provides added durability and optimal sheen for a high-end look.
