Entry Door Style Guide

Why Boise Cascade?

- Exceptional customer service.
- Quality products and competitive prices.
- We stand behind your purchase.
- Customer satisfaction.

Therma-Tru® Doors. Uncompromising quality, inside and out.

#1 Among Building Pros

It's a brand you can trust. Why? Because year after year, building professionals rank Therma-Tru #1 – as the brand they prefer most – in entry doors.*

Experience & Know-How

Behind every Therma-Tru door stands decades of experience and technical know-how. Therma-Tru makes or

recommends every aspect – from the glass to the hinges – to bring your home durability and reliability through the years.

Lifetime Limited Warranty

When you pay close attention to every detail that goes into a door, you can stand behind its parts longer than the rest. That's why your Therma-Tru fiberglass door system

is backed with a lifetime limited warranty – the industry's most comprehensive warranty of its kind.

Energy Efficiency

More than 80% of Therma-Tru door and glass options are ENERGY STAR® qualified** and National Fenestration Rating Council (NFRC) certified, helping save money on energy costs.

The Importance of Curb Appeal.

A stylish new front entryway can help convey your personal style and highlight your home's overall architectural style and curb appeal.

Fresh look. Increased value.

In a recent survey, real estate agents were shown images of various homes, including some that had been modified with a new Therma-Tru door, and asked to estimate the value of the home. While results varied, the survey suggests choosing a Therma-Tru door that complements the home's architecture could **add up to 7% to the perceived value** of a remodeled home.***

That's a potential increase of **up to \$21,000** on a \$300,000 home for a project that can be done in a single day.

“The door gives a focal point to the front of the house.”

– Homeowner, Survey Respondent

On the Cover:
 Top: Pulse Echo, Reeded Glass with Flat Lite Frame, Door – FC85LXK, Finish – Tumbleweed
 Bottom Left: Fiber-Classic Mahogany Collection, Chord Glass with SDLs, Door – FCM4814XC, Sidelites – FCM2050XCSSL; Clear Glass, Transom – 19220T, Finish – Acorn; Dentil Shelf

An unrivaled entry experience.

Our premier engineered-to-last entryways showcase remarkably authentic wood grains and textures. Discover exquisite textures with grains hand selected from the finest natural wood species and meticulously recreated with our revolutionary AccuGrain® technology.

AccuGrain.
TECHNOLOGY

Fiber-Classic® & Smooth-Star® Door Options

Fiber-Classic® Doors

Get the look and feel of rich Mahogany or warm Oak with excellent performance and value.

Smooth-Star® Doors

Get a smooth surface for plenty of color options with exceptional performance and value.

*Brand Use Study, 2022 *Builder* magazine.

**Based on version 6.0 ENERGY STAR product specification for windows, doors and skylights

***Not a guarantee of investment returns, increase in value or selling price. See 2021 Therma-Tru National Home Valuation Study surveying real estate agents about perceived remodeled home value estimates based on exterior appearance. Not based on actual home sales data. Results may vary based on region, door style and home style. Study was commissioned by Therma-Tru and conducted by the Farnsworth Group, an independent research provider.

Note: See your Therma-Tru seller or visit www.thermatru.com for details on limited warranties and exclusions, and ENERGY STAR qualified products.
