Boise Cascade®
MILLWORK

BEST-IN-CLASS PRE-FINISHING CAPABILITIES

The PrismaGuard premium finish paints and stains offers a palette of nature-inspired stain and paint colors with a high-quality, durable finish. These on-trend colors are designed for our industry-leading Therma-Tru doors, delivering lasting beauty that you can trust.

PRISMAGUARD STAIN

PrismaGuard finish features a nature-inspired color palette of premium stains with rich tones that add dimension. Handcrafted and professionally applied in a controlled environment. For over 5 years, Therma-Tru has been on the leading edge of the industry, reducing harmful chemicals from our paints and stains

PRISMAGUARD PAINT

PrismaGuard paint delivers a pop of color, allowing you to tailor the look of your entry and make a beautiful lasting impression. PrismaGuard is backed by a 10-year limited finish warranty for lasting beauty and peace of mind.

EXCELLENT CLAIMS SUPPORT

- Boise Cascade Millwork has implemented a fully online claim system to expedite any issues with your door. With our online system, you can expect an assigned case number within 1 business day and a recommendation for resolution within 3 business days.
- All Therma-Tru door orders pass through a Multi-point inspection process at our manufacturing facility, before they are carefully packed and delivered to your warehouse or jobsite location.
- In the field, our service technician expertly diagnoses and resolves installation and door-related issues with precision and care providing customer satisfaction and reliable solutions – on-site.
- Classic Craft® complete entryway systems come with an industry-leading, one-time transferable lifetime limited warranty.

WEBCP DOOR CONFIGURATOR

Our WebCP Online Door Quote and Order Program, a full quoting, configuration, and ordering experience exclusively for Therma-Tru® doors built by Boise Cascade Millwork. 24/7 access through your web browser on any device.

Our latest WebCP door configurator release now allows you to build line item quotes and orders by simply entering the Therma-Tru basestyle number – making the whole configuration process easier, more accurate and saving you quality time.
